

Ref. ABR-109

## Foam and aluminium sanding block

Rigid aluminium-based block that keeps its shape, for flat wet or dry sanding.

Hand sanding block combining foam with an aluminium alloy body, for wet or dry sanding. It absorbs neither water nor oil and does not deform. Washable and reusable, it is suitable for fine sanding on metal, paint, wood and plastic. Two lengths.

### Technical specifications

|            |                                                         |
|------------|---------------------------------------------------------|
| Dimensions | 13.5 × 7 × 3 cm (short); 22.5 × 7 × 3 cm (long)         |
| Material   | Foam and aluminium alloy                                |
| Properties | Does not absorb water or oil, keeps its shape, washable |
