

Ref. ABR-118

Ceramic mesh abrasive disc

The ceramic mesh disc: full extraction, fast cut and long life.

Abrasive disc on a PE mesh backing, coated with a blend of ceramic and aluminium oxide in an open coat. The mesh extracts dust across the whole surface, for a cleaner work area and a disc that resists clogging. Very fast cut, consistent finish and long life when dry sanding.

Technical specifications

Diameter	150 mm
Abrasive	Ceramic + aluminium oxide
Backing	PE mesh
Coating	Open coat
Grits	P80 to P600
Use	Dry

How to use

- Dry random orbital sanding with dust extraction
