Accessories and consumables for dust-free sanding

Abrasives, sanders, blocks, pads, interface pads and wear parts for a sanding extraction unit.

Consumables and parts to keep a sanding extraction unit running day to day. Abrasives come as discs and strips, in the grits commonly used in the workshop, from rough sanding to finishing. Also available: pneumatic sanders for central extraction, extraction hand blocks, replacement backing pads, interface pads and wear parts (carbon brushes, bags, filters, hoses, connectors).

Technical specifications

Abrasive grits	80 / 120 / 180 / 240 / 320 / 400
----------------	----------------------------------

Key features

- Grits 80, 120, 180, 240, 320 and 400
- Round and rectangular formats to suit the sanders in the range
- Flexible extraction hand blocks for large areas
- Wear and connection parts sold separately

How to use

- Restocking abrasives
- Replacing backing pads, interface pads and carbon brushes
- Additional equipment for a sanding extraction unit

Packaging and delivery

Version	Reference	
Abrasives	HE-A703-A	6-inch 17-hole discs; 90 × 175 mm sheets; 70 × 198 mm sheets; 5-inch 6-hole discs; 70 × 400 mm strips; 70 mm × 120 roll
Pneumatic sanders for central extraction	HE-A703-B	5-inch round; 70 × 198 mm rectangular; 5-inch 6-hole round; 6-inch round 3 or 5 mm orbit; 90 × 175 mm rectangular
Hand blocks	HE-A703-C	70 × 400 mm flexible extraction blocks (4 models); set of 4 blocks 70 × 198 mm; 6-inch hand block; 70 × 198 mm extraction block

Version	Reference	
Sanding pads	HE-A703-D	5-inch 6-hole; 6-inch multi-hole (2 models); 70 × 198 mm multi-hole; 90 × 175 mm; multi-hole for brushless sander; 6-inch 17-hole
Interface pads	HE-A703-E	6-inch 17-hole 3 mm; 6-inch 17-hole 10 mm; 70 × 200 mm
Carbon brushes	HE-A703-F	Motor carbon brushes, 3 models
Filtration	HE-A703-G	Dust bag; filter cartridge
Connection parts	HE-A703-H	2-in-1 hose; extraction hose for power tool; pneumatic sander connector; electric sander connector; water / oil separator filter
