

Ref. MEL-101

Paper paint strainer

Paper strainer with nylon mesh: clean paint, no wasted product.

Cone-shaped white paper strainer with a lint-free nylon mesh, designed for solvent-borne products, particularly clear coats and basecoats. The mesh traps contaminants in the paint before application. Its full-flow tip means no paint is left behind in the strainer.

Technical specifications

Paper weight	120, 150, 160 or 180 g
Mesh size	125 µm or 190 µm
Mesh	Nylon
Colours	White

How to use

- Straining solvent-borne clear coats and basecoats before filling the gun pot
- Straining solvent-borne paints
